

Chelmsford Public Schools K-12 Student Art Exhibit March 2023

**Hosted by the
Chelmsford
Public Library**

Dear Art Students, Families, and Supporters,

It is my pleasure to welcome you to our annual Chelmsford Public Library Student Art Exhibit in honor of National Youth Art Month. I want to congratulate each of the student artists involved in this event for representing our outstanding K-12 Art Department and the Chelmsford Schools.

Our Fine Arts Department is dedicated to providing the best art education possible for our students. The K-12 Art Faculty consistently strives to give our students opportunities to grow, and this exhibit highlights the excellent teaching taking place in our art classrooms.

As you view the artwork, you will see the progression that students make in our art program as they move from kindergarten through their high school classes. I encourage you to view all of the work, and I believe you will agree that each piece demonstrates great student effort and dedication.

In addition to the artwork displayed at the Library this month, I invite you to click on the link in this program to view student art that was accepted into the Massachusetts Art Educators Association (MAEA) Youth Art Month Exhibit. Bravi to all of the students selected for both exhibits this month!

On behalf of the Art Faculty and our Department, I would like to extend my gratitude for your support of the Arts in the Chelmsford schools.

Sincerely,

Dr. Christy Whittlesey
PK-12 Fine and Performing Arts Department Coordinator
